

The 20th Annual HDSA Heroes and Villains Team Hope 5K Walk and Run Takes place Saturday, September 14 at Stapleton Central Park

The [Rocky Mountain Chapter](#) of the Huntington's Disease Society of America (HDSA) will host the 20th Annual Heroes and Villains Team Hope 5K Walk and Run, on Saturday, September 14th at Stapleton Central Park. Registration starts at 8:00 AM and the event starts at 9:00 AM. All proceeds support HDSA's mission to improve the lives of people affected by Huntington's disease (HD) and their families.

Team Hope is HDSA's largest national grassroots fundraising event, which takes place in over 100 cities across the U.S. and has raised more than \$28 million for HD since its inception in 2007. Thousands of families, friends, co-workers, neighbors, and communities walk together each year to support HDSA's mission to improve the lives of people affected by HD and their families.

For more information about the event, please contact Kathleen Bates (bateskath@gmail.com).

HDSA's Team Hope Walk Program is nationally sponsored by Neurocrine Biosciences and Teva Pharmaceuticals.

###

Huntington's disease (HD) is a fatal genetic disorder that causes the progressive breakdown of nerve cells in the brain. It deteriorates a person's physical and mental abilities during their prime working years and has no cure. Every child of a parent with HD has a 50/50 chance of inheriting the faulty gene. Today, there are approximately 41,000 symptomatic Americans and more than 200,000 at-risk of inheriting the disease. The symptoms of HD are described as having ALS, Parkinson's and Alzheimer's – simultaneously.

The Huntington's Disease Society of America is the premier nonprofit organization dedicated to improving the lives of everyone affected by HD. From community services and education to advocacy and research, HDSA is the world's leader in providing help for today and hope for tomorrow for people with HD and their families. HDSA was founded in 1967 by Marjorie Guthrie, the wife of legendary folk singer Woody Guthrie. Woody died from HD complications when he was only 55 years old, but the Guthrie family legacy lives on at HDSA to this day.
